Life Question 1  
What secret does your character keep that is dangerous to them?

That she secretly worships Dhatin, the god of Magic, not a traditionally a paladin's god. She encourages the belief in Dotris, the god of Spirits (which is exactly what her gods wants her to do!)

Life Question 2  
What is something your character wanted to learn and why?

Answer  
Elara wants to hear the Fawenyoian language spoken the way it is supposed to spoken, not the myriad ways the lost language has been interpreted.

Life Question 3  
What was something your character was forbidden growing up?

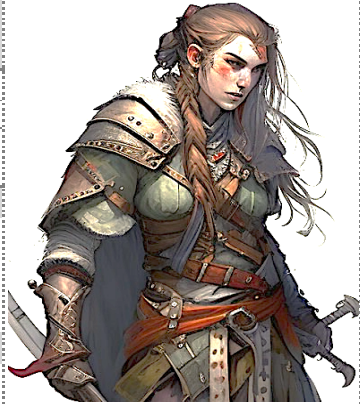

Answer  
Elara was forbidden access to books. As a disgraced keiju, her elfin masters enforced discipline, not education. An elfin mystic took an interest, Elara flourished and eventually studied at Darhanu.
